Camp Manager: Matt Mueller, mattdmueller76@gmail.com
Fee: \$2195.00 + GST = 2304.75
Cancellation Ins: \$164.00 (optional)
Meeting Place: Kicking Horse River Lodge, Golden BC, [Map](#)
Office contact: Marc D'Astous 4036783200x112 adventures@alpineclubofcanada.ca

Membership

Your Alpine Club of Canada membership must be current at the time of the camp.

Accommodation

The Glacier Circle Hut has been booked for the night of April 16th 2010. The rest of the traverse will be tent based (double occupancy) - tents will be provided by the ACC. Accommodation is not included for the nights of April 9th or 17th. If you require accommodation in Golden before or after the camp we recommend Kicking Horse River Lodge in Golden. [Link to Lodge](#)

Meals

Meals on the camp will be prepared prior to the camp by a professional backcountry cook with an emphasis on the nutritional requirements specific to this kind of activity. Camp staff will organize the remaining preparations while on the camp with assistance from participants. We are able to accommodate preferences such as vegetarians and most food allergies.

Travel and Transportation

The most convenient airport is Calgary International Airport. Golden is about 3 hours from Calgary and can be easily reached by bus or car.

- Greyhound also runs a service through Golden (250) 344-2917

Helicopter transportation to the start off point of the traverse has been arranged for this camp. Helicopter travel can be delayed by bad weather, and this can sometimes include overnight delays. These sorts of delays are beyond the control of ACC, and we cannot provide for your accommodation and meals in Golden, should this occur. Although it does not happen often, you should be prepared for the possibility of this unforeseeable additional expense.

Participants' vehicles will be used to transport participants, food and equipment from Golden to the helicopter staging area (in Golden). Since your car will be parked in an unattended public area for a week, do not plan to leave any valuables in it.

Trips may not run exactly according to schedule for reasons beyond our control (weather, wildlife, Parks regulations, etc). For this reason, we recommend that you do not book any scheduled travel (i.e. airplane flights) within a day or two of the last scheduled day of your camp.

Kick Off Meeting – Kicking Horse River Lodge, Golden BC, 20:00hrs, April 9th 2010

It is *essential* that all participants attend this meeting. During the group meeting camp staff will review the week's itinerary, participants' expectations, do an equipment check, divide group gear and organize car pooling.

Insurance Options

We recommend purchasing insurance through Travel Underwriters – this can be done through Marc D'Astous at the ACC office (adventures@alpineclubofcanada.ca). They sell a variety of insurance policies, including medical (annual and single trip), trip cancellation/interruption and insurance for visitors to Canada. To find out more about their insurance options, visit the Travel Underwriters website at www.travelunderwriters.com or call them direct at 1-800-663-5389.

Parks Canada Information

A backcountry wilderness pass is included in the camp fees to cover the nights that you will spend in camping in the backcountry. However, you will also require a National Parks visitors pass as well which is not included. These passes are available for purchase at the Park's entry gate or call the National Office of the Alpine Club of Canada.

Parks Canada has asked us to pass the following message on to you: When you are on an ACC camp (or any time you are near wildlife), wildlife viewing and safety procedures should be based upon the guidelines presented in Parks Canada brochure "Keep the Wild in Wildlife" which can be found on their website: http://www.pc.gc.ca/docs/pc/guide/nature/nature01_e.asp. The brochure describes appropriate behavior when encountering habituated wildlife, safe distances for viewing and photographing wildlife, avoiding encounters and limiting attractants while traveling in the backcountry, and specific precautions for bears, elk and cougars.

Discount on Books and maps

Recommended books and maps are listed on the equipment list. ACC members receive a 15% discount on select books and maps. Contact us at (403) 678-3200, Ext. 1, check our website at www.AlpineClubofCanada.ca or email info@AlpineClubofCanada.ca for further details.

Equipment

The equipment list should be reviewed carefully when packing for this camp - please pack lightly. Do not hesitate to contact camp staff if you have any questions at all about your equipment. You will be asked to carry some group gear in addition to your own personal items, so leave room in your pack for 4-6 kg (10-12 pounds) of group food and gear. We recommend that the total weight of your pack not exceed 20-22 kg (45-50 pounds).

The following stores offer rental gear:

- [Gear Up](#) (Canmore) 403-678-1636 (8:00am-7:00pm MST) 25% discount on rental gear and 10% discount on retail gear (except ropes) to ACC Mountain Adventure participants.
- [Campus Outdoor Centre](#), University of Calgary 403-220-5038 (8:00am-8:00pm MST)
- [Mountain Equipment Co-op](#) (403) 269-2420 (Calgary) or (604) 872-7858 (Vancouver). MEC will apply a portion of your rental cost toward purchase.

Blisters are always a problem on camps and inevitably slow down the entire group. Please ensure your Ski boots fit properly and have been tested out prior to your camp. Alert camp staff at the first sign of a blister – blisters will only get worse if you wait.

Important Information Regarding Avalanche Transceivers – Please read carefully!

Each participant must have an avalanche transceiver. This transceiver MUST be a make and model recommended by the Canadian Avalanche Association. This will be strictly checked and enforced prior to departing for any camp. If you arrive at the scheduled meeting place without a recommended avalanche transceiver, you will not be allowed to participate in the camp and will forfeit your fees. You must also purchase two (2) complete sets of batteries for your avalanche transceiver. Do NOT rely on the batteries that come with the unit.
