

Alpine Club of Canada

General Mountaineering Camp 2016 Shuttle Service

If you are attending this year's Sorcerer Group GMC let us handle some of your logistical needs with our shuttle service to the helicopter staging area. Sit back, enjoy the drive in anticipation of your week to come and at the end of the week give yourself the chance to ease back into the "real life" while we handle the transportation. This saves you from having to wrap your vehicle in chicken wire to protect it from being a porcupine's chew toy and from having your vehicle trapped by forest fire or road wash out.

Round trip transfer is \$80 + GST

Calgary transfer option

Once again, we will be offering service from Calgary on the Friday preceding your departure. This option will depend on sufficient interest so contact us early if you are interested in taking advantage of this service. We can customize pick up locations or collect participants at the airport saving you the hassle of finding your way to the Greyhound depot or the cost of a rental car that will sit parked all week. Pick ups in Canmore and Banff can be arranged as well.

Round trip transfer (Calgary to Golden and return) is \$200
